

4TH ANNUAL

VUELTA A SEBASTIAN INLET

3/18/2017

BENEFITTING: THE FRIENDS OF SEBASTIAN INLET STATE PARK

RIDE THE HIDDEN TRAILS OF SEBASTIAN INLET CRUISE THE EAST COAST GREENWAY

The Vuelta a Sebastian Inlet is what you make it ... a scenic and challenging trail ride, a museum & park cruise, a party on wheels ... or all of the above. Mainly, it's a great chance to bring together the diverse cycling communities of the space coast and have a little fun on two wheels, whether those wheels are on road bikes, fat bikes, cross bikes, cruisers, MTBs, hybrids or single speeds.

3 MOST EXCELLENT ROUTES

SHARON'S FIELD TRIP

Not up to an off-road ride? Vero Cycling's Sharon LaPoint covers a scenic section of the East Coast Greenway and cruises to the south beaches' local museums and parks at a very mellow pace.

THE INLET CLASSIC PLUS

The route that started it all. 10 non-technical, but very scenic off-road miles through palm oak and mangrove habitat with great views of the Indian River Lagoon, Sebastian Inlet and the Atlantic Ocean.

THE MEGA MONSTER V 2.0

Thanks to Hurricane Matthew, this route just got quite a bit tougher. The route first hits the Indian River Lagoon Preserve State Park, then stops by the shop to pick up the Inlet Classic riders for the jaunt to Sebastian Inlet State Park.

NEW THIS YEAR

THE VUELTA HONOR ROLL

We're introducing a new tradition by honoring a very special member of the Space Coast Cycling Community.
